Inspira's internship opportunities follow the timeframe of a semester, or what a semester would last which is 4 months. Through Inspira's programs and initiatives, we see an incredible opportunity to make a meaningful impact in students' lives, and we hope that you become a part of the team.

As an Intern, you will gain:

- **Hands-on Experience:** Our internships provide students with valuable hands-on experience in their chosen field. This practical exposure allows interns to apply theoretical knowledge gained in the classroom to real-world situations. Through completing tasks and projects, interns develop important skills and competencies that are highly sought after by employers.
- **Professional Development:** Our interns will have opportunities for professional growth and development. Inspira's interns have the chance to work alongside experienced professionals, learning from their expertise and receiving constructive feedback on their performance. This exposure helps interns build confidence, improve their communication skills, and enhance their problem-solving abilities.
- **Resume Enhancement:** Inspira's internships are viewed favorably by our past interns and have helped them receive credits, scholarships, and or their entry-level jobs. Having internship experience demonstrates to potential employers that the candidate is proactive, motivated, and committed to their chosen career path.

Overall, our internships offer a blend of practical experience, professional development, networking opportunities, and resume enhancement that can greatly benefit students and young professionals as they transition into the workforce.

Thank you for considering becoming a Student Ambassador for Inspira NJ. We hope to hear back from you so
